

ACCUSEAL

Severe service isolation ball valves for the Power and Process industries.

ARMSTRONG

Python Control Valves and Veris Flowmeters.

ASHCROFT

Pressure gauges and transducers, thermometers, pressure/temp switches and precision calibrators.

ASCO NUMATICS

Solenoid valves, pressure and temperature switches, air operated valves and controls.

BELLOFRAM INC.

Precision air controls, I/P transducers and cylinders.

BRISKHEAT

For over 65 years, BriskHeat has offered the widest variety of flexible surface heaters, heating cables, temperature controls, and insulators world-wide. Our core heating element technology is extremely durable and flexible making it suitable for a wide range of heating applications.

BROOKS INSTRUMENT/KEY INSTRUMENTS

Coriolis mass flow, thermal mass flow, variable area flow meter, pressure & vacuum measurement and control, direct liquid injection vaporizers and level measurement products.

CLARK INDUSTRIAL

Industrial specialty process Shutter Valve for both on/off and control applications.

BURLING INSTRUMENTS

Direct acting and dome loaded regulators.

ELPRO TECHNOLOGIES

Wireless I/O, modems, PLC interfaces and bus networks.

FIREYE

Flame safeguard and combustion controls and ignitors.

FOXBORO

Pressure and differential pressure, liquid level and interface, density, flow, temperature and humidity, analytical, recorders, positioners, controllers and control systems.

ISSYS

Precision density measurement for gas and liquids.

ITT INDUSTRIES

Diaphragm valves, Fabri knife gate valves, CamTite ball valves and ITT Skotch valves.

JAMESBURY-VALVCON

High performance ball and butterfly valves, actuation and valve accessories.

JMS SOUTHEAST INC.

RTD's, thermocouples and thermistors.

KOBOLD

Pressure-Flow-Level

K-PATENTS

In-line process refractometers for concentration measurement of dissolved solids.

MICRONICS

Ultrasonic Clamp & Flow.

PENBERTHY

Liquid level gauges, valves, ejectors, heaters and injectors.

PRECISION DIGITAL

Digital panel meters, totalizers and batching meters and temperature controllers.

SENSUS

Gas regulators and utility gas meters.

SIGNET

Specialty Plastics, Instrumentation and Valves.

STONEL

Process networking and valve communication technology. Gas regulators and utility gas meters.

TYLOK

Tylok is the originator of the double ferrule tube fitting design, and manufactures its diverse offering of fittings and valves out of Euclid, Ohio. Fitting components are interchangeable with Parker and Swagelok. Valve offering includes: Needle valves, check valves, plug valves, and ball valves.

VERIS

Gas-Steam-Liquid Flow.

WALTRON

Analytical measurement of Ultra-Pure water, dissolved oxygen, sodium, silica, T.O.C., ammonia, copper and hardness and oil in water.

INSTRUMENTATION & CONTROLS

Administrative Office

5101 S. Sprinkle Road
Portage, MI 49002
269-978-3838

Toledo

6355 Angola Road
Holland, Ohio
419-867-0893 or 877-599-7473

Warren

1987 Concept Drive
Warren, MI 48091
586-755-3110 or 800-877-6289

Wyoming

3838 Clay Avenue SW.
Wyoming, MI 49548
616-245-1195 or 800-968-1195

AUTOMATED VALVES	Jamesbury - ASCO Numatics - Richter - Wier - Georg Fischer - Accuseal
CONTROL VALVES	Jamesbury - Armstrong
ACTUATION & VALVE NETWORKING	Jamesbury - Stonel - Koei - Valvcon
REGULATORS	Armstrong - ACR - ASCO Numatics - Bellofram - Burling - Sensus
PRESSURE	Ashcroft - Foxboro - ASCO Numatics - Bellofram - Weksler - Brooks - Kobold
FLOW	Foxboro - Brooks - Penberthy - Key - Micronics - Signet - Kobold
TEMPERATURE	Ashcroft - Briskheat - JMS
LEVEL	Foxboro - Penberthy - Bindicator - Brooks - Kobold
ANALYTICAL	Foxboro - K-Patents - Signet - Waltron
CONTROLS & AUTOMATION	Foxboro - Expo - Precision Digital - Fireye - Chessell - Brooks - Eurotherm
WIRELESS NETWORKING	Elpro Technologies
SERVICES & SOFTWARE	Pressure instrumentation calibration and certification, diaphragm seal filling and repair, valve sizing, flowmeter sizing, field commissioning, onsite training and application engineering. Design/build UL Listed 508A/698A - Panel Shop.
